Legend

Five-piece set means four tools and one tool stand.

- H = height of fireset or product.
- W = width.
- L = length.

A tradition of handcrafted quality and pride.

Back in 1872 Seymour started making wagon wheel spokes and later post hole diggers. Everything was made by hand, and workers took great pride in their craftsmanship. Since then, making quality products has become a family tradition, handed down from generation to generation.

Here's why your customers will prefer Seymour FIRE BLOX over all other fire starters.

Fire Blox are superior to liquids and other solid starters.

Seymour Fire Blox have many advantages your customers will want. These benefits will bring them back - the repeat business you want and need.

Starts all types of fires

- Great for starting firewood, pellets, coal and charcoal.
- Works in both catalytic and non-catalytic stoves.
- Eliminates the need for liquids, kindling and newspapers.

Works great even after being submerged in water.

- Pieces burn hot for about 12 minutes for fast, sure starts.
- Lights quickly, even when wet.
- Will ignite even damp firewood.

Safe to use anywhere

- Can't leak, spill, flash, flare-up or explode.
- Eliminates dangerous second squirts of flammable liquids.
- Safe to use both indoors and outdoors.
- Non-poisonous.
- Stores safely anywhere and keeps indefinitely.

Economical - just pennies per light.

- Need only two or three pieces per start.
- A 24-piece package provides 8 to 12 starts, more than most starters.
- Pieces are scored and will separate easily so that just the right amount may be used.

Burns clean

- Meets the strictest air quality codes in the country.
- Certified as clean burning and approved for sale in California including the Los Angeles Area of Southern California.
